3 TRANSLATIONS.....	3
4 OTHER ENHANCEMENTS.....	3

1 Compatibility with BC 25

The app has been tested and confirmed to be fully compatible with Microsoft Dynamics 365 Business Central version 25.

2 File Type

The file type is now included in email attachment files, ensuring better identification and usability.

3 Translations

Captions and tooltips have been updated to include the latest translations for improved localization and user experience.

4 Other Enhancements

The codebase has been restructured for better readability and maintainability, facilitating easier future updates.
